FOR NEW FAMILIES

Regarding Mission Affiliation

If you claim mission affiliation, please be sure that we receive from you:

1. A copy of the front page of your mission's Philippine SEC document. If you believe that we already have this document from previous missionaries, please note this fact for us.
2. A copy of your mission's "Statement of Faith." If you believe that we already have this document from previous missionaries, please note this fact for us.
3. A copy of your letter of call or a letter from your mission with contact information stating that you are serving as full-time missionaries. This is necessary for all new families.

These documents, along with the required "Missionary Affiliation Questionnaire" from this packet will enable us determine your missionary status with Faith Academy.
